Features & Benefits

- **Late Pregnancy & Lactation Support.** Tailor made nutrition for broodmares during late pregnancy and lactation for correct body condition and improved milk quality.
- **Source of Omega 3 Fatty Acids.** Increasing omega 3 fatty acid intake benefits follicular development, supports regulation of inflammation, and passes to the mare's milk assisting with foal immunity.
- **BMC™ (Buffered Mineral Complex).** A natural mineral source with research proven benefits for gastric health and bone development.
- **Elevated Vitamin E & Natural Vitamin E.** Increased vitamin E content at research proven effective levels for improvement of colostrum quality.
- **BioMos Prebiotic.** A source of mannan-oligosaccharides that bind to pathogens safely removing them from the hindgut. MOS is also proven to enhance colostrum quality.
- **Vistacell Live Yeast.** Increased nutrient digestibility.
